

HOMESTRETCH[™] MaintaiN[™] NUTRITIONAL

Put Plants on the Fast Track to Higher Yields

Farmers that drive for consistent profits know that season-long availability of nitrogen is critical to maximizing corn yields. HOMESTRETCH[™] MaintaiN by Meristem Crop Performance[™] is an advanced nitrogen management system that increases nitrogen availability and uptake, in addition to reducing nitrogen loss. HOMESTRETCH[™] MaintaiN treats the nitrogen fertilizer so that it's maintained in a stabilized and available form.

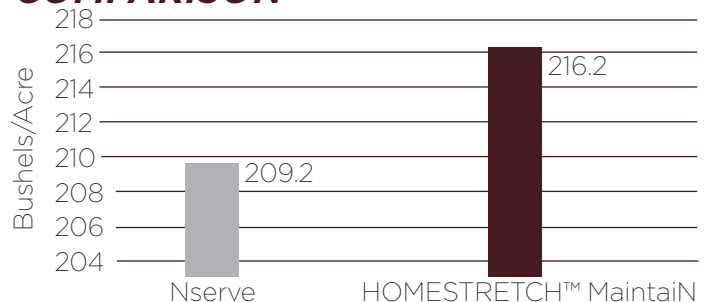

PRODUCT BENEFITS

- Reduces leaching by 47%
- Increases nitrogen availability and uptake
- Does not kill beneficial soil bacteria
- Manages nitrogen during key growth stages
- Non-corrosive calcium-based polymer
- No planting restrictions

ACTIVE INGREDIENTS

Ca-Heleropclysaccharides	5.2%
Ca-Aminoethylpiperazine	5.8%
Alkylarylpolyoxyethylene Glycols	22.0%
Ammonium Thiosulfate	2.0%
Other Ingredients	65.0%
Total	100%

ANHYDROUS AMMONIA COMPARISON

APPLICATION INSTRUCTIONS & USE RATES

HOMESTRETCH[™] MaintaiN is intended for use as a penetrant with anhydrous ammonia, liquid fertilizers, and liquid manures. HOMESTRETCH[™] MaintaiN is intended to be used as a supplement to a regular fertilizer program and may not, by itself, provide all nutrients required by crops and other plants.

APPLICATION RATES:

ANHYDROUS AMMONIA: Use 6 oz. of HOMESTRETCH[™] MaintaiN per 50 units of nitrogen.

LIQUID FERTILIZERS: Use 2 qts (64 oz.) of HOMESTRETCH[™] MaintaiN per ton of UAN (28%, 30% or 32%)

LIQUID MANURES: Use 24 oz. to 32 oz. of HOMESTRETCH[™] MaintaiN per acre.

DIRECTIONS FOR USE:

ANHYDROUS AMMONIA:

- 1) Operator must follow all anhydrous safety precautions.
- 2) Inject HOMESTRETCH[™] MaintaiN through liquid fill valve.
- 3) If pressure exceeds 150 psi, inject HOMESTRETCH[™] MaintaiN through the liquid withdrawal valve.
- 4) Proper maintenance is required. Flush valve thoroughly with anhydrous. Coat fill valve thoroughly with a petroleum or silicone based lubricant. Apply treated anhydrous using conventional anhydrous application equipment.

LIQUID FERTILIZERS:

HOMESTRETCH[™] MaintaiN may be mixed with liquid fertilizers such as aqua ammonia or other liquid ammoniacal fertilizers. Liquid fertilizers containing high levels of phosphate should not be used with HOMESTRETCH[™] MaintaiN.

If pesticides are added to the tank mix in conjunction with liquid fertilizers, a compatibility jar test should be performed prior to large-scale application to the field.

LIQUID MANURES:

HOMESTRETCH[™] MaintaiN may be mixed with liquid animal manures. HOMESTRETCH[™] MaintaiN may be applied to slurry pit or through an injection system as material is loaded into applicator.

PRODUCT AVAILABILITY

Products are available in both 2.5 gallon jugs and 250 gallon totes.
